

Welcome

THE MASTERCLASS INITIATIVE

EDUCATE. EMPOWER. ENABLE

Fostering a global community of
enlightened individuals

<http://www.masterclassinitiative.org/>

Babatunde Adekanmbi is the founder of the African Educational NGO (Non-Governmental Organization) The MasterClass Initiative, which is headquartered out of the bustling metropolitan city of Lagos Nigeria. Since inception we have organized over 25 online MasterClass sessions with an average attendance of 100 Participants with seasoned facilitators both locally and internationally and we've recorded inspiring Testimonials from both the Facilitators and Participants highlighting the need for these sessions and the positive impact.

The MasterClass Initiative aims to establish itself as an important Educational conduit in West Africa with several active projects such as Online MasterClass Sessions, MasterClass Academy, Virtual Book Club and Entrepreneurship hub which more often than not will bring about employment opportunities for the unemployed Youths.
