

To Rehab 4 Addiction

<https://www.rehab4addiction.co.uk/alcohol-withdrawal-symptoms>

. Established in 2012 by Oliver Clark, Rehab 4 Addiction is an advisory and referral service for people who suffer from alcohol, drug and behavioural addiction.

Rehab 4 Addiction works closely with rehabilitation centres and outpatient clinics throughout the United Kingdom and the admissions team match a patients' addiction with an appropriately placed rehabilitation centre.

We are able to offer rehabilitation centres patient referrals and we always prioritise the needs of the specific patient when doing so. We maintain a substantial network of rehabilitation centres throughout the United Kingdom. We work with private rehabilitation centres, the NHS and even a number of 'luxury rehabilitation' centres abroad.

Serving patients throughout the United Kingdom

As A New Global Resource
